

Organisational structure

CDP maintains two program areas, a Legal Section and a Gender-Based Violence (GBV) Section, which are supported by an Administration Team. Currently, the organisation maintains twelve staff, including lawyers, project coordinators, legal assistants, a finance officer, a psychologist, a receptionist and a security guard. At different times, we also host interns and international advisors.

The CDP President is the figurehead for the organisation. We are managed by an Acting Executive Director (ED), assisted by an Executive Committee comprised of CDP senior managers and one elected staff member. The ED reports to an external Board of three Directors.
